COASTAL COLLECTION

COASTAL COLLECTION

COASTAL KOLLEKTION

COASTAL COLLEZIONE

GB OUR NEW COASTAL COLLECTION IS DESIGNED TO WITHSTAND WHATEVER THE WEATHER CAN THROW AT IT.

It is constructed from solid brass which will acquire a natural patina over time that adds to the charm of the material. Suitable for use by the coast and other exposed areas, the collection combines outstanding durability with striking design.

Care Instructions:

Please note the patina caused through aging can be polished-back to restore the original finish if desired. We recommend that the product is rinsed with fresh water periodically to remove any excess salt deposits. A ten-year warranty is offered on all products within the Coastal collection, except those that have integral LEDs or drivers, which are subject to our standard three-year warranty.

FR NOTRE NOUVELLE COLLECTION COASTAL A ÉTÉ CONÇUE POUR RÉSISTER AUX MOINDRES CAPRICES DE LA MÉTÉO.

Elle est fabriquée en laiton massif doté d'une finition naturelle qui acquerra une patine naturelle au fil du temps, renforçant ainsi le charme du matériau. Adaptée à un usage sur les côtes et d'autres zones exposées, la collection allie durabilité exceptionnelle et design remarquable.

Instructions d'entretien:

Veuillez noter que la patine due au vieillissement peut être polie afin de restaurer la finition d'origine si vous le souhaitez. Nous vous recommandons de rincer régulièrement le produit à l'eau fraîche afin d'éliminer les dépôts de sel en excédent. Une garantie de dix ans est proposée sur tous les produits de la collection Coastal, sauf ceux qui sont dotés de LED ou de drivers intégrés et qui sont couverts par notre garantie standard de trois ans.

DE UNSERE NEUE COASTAL-KOLLEKTION WURDE SO ENTWICKELT, DASS SIE AUCH DEN WIDRIGSTEN WITTERUNGSBEDINGUNGEN STANDHALTEN KANN.

Sie besteht aus massivem Messing mit einer natürlichen Oberflächenbehandlung. Darauf bildet sich im Laufe der Zeit eine natürliche Patina, die zum Charme des Materials beiträgt. Die Kollektion ist für den Einsatz an der Küste und anderen exponierten Bereichen geeignet und vereint hervorragende Haltbarkeit mit markantem Design.

Pflegehinweise:

Bitte beachten Sie, dass die durch Alterung entstehende Patina durch Polieren entfernt werden kann, um – falls gewünscht – die ursprüngliche Oberfläche wiederherzustellen. Wir empfehlen, das Produkt in regelmäßigen Abständen mit Süßwasser abzuspolen, um überschüssige Salzablagerungen zu entfernen. Wir bieten auf alle Produkte der Coastal-Kollektion eine 10-jährige Garantie – mit Ausnahme derjenigen, die über integrierte LEDs oder Treiber verfügen, für die unsere normale 3-jährige Garantie gilt.

IT LA NOSTRA NUOVA COLLEZIONE COASTAL È PROGETTATA PER RESISTERE A TUTTE LE AVVERSIÀ DEL CLIMA.

E' realizzata in solido ottone con una finitura naturale che acquisterà nel tempo una patina naturale aumentando il fascino del materiale. Adatta all'uso vicino al mare e in altre aree esposte, la collezione unisce una eccezionale durata ad un design sensazionale.

Istruzioni per la cura:

Se lo si desidera, la patina che si forma nel tempo può essere pulita per ripristinare la finitura originale. Si raccomanda di sciacquare il prodotto periodicamente con acqua fresca per eliminare i depositi di salsedine. Tutti i prodotti della collezione Coastal sono coperti da una garanzia decennale, ad eccezione di quelli con LED o driver, i quali sono soggetti alla nostra garanzia standard di tre anni.

GB Astro Lighting offers a range of dimmable LED drivers from reputable manufacturers that are designed to work on many commonly found dimmers and lighting control systems. There is a huge diversity of dimmers available and compatibility cannot be guaranteed.

We recommend that, before installation, you check the compatibility of the driver with the dimming system you are using. Problems of compatibility may show up as flickering, flashing, buzzing or possible damage to the LED chip. If these problems are experienced an alternative dimmer or driver may be needed.

Please also note that many dimmers have a minimum load requirement which must be met for the dimmer to work correctly.

FR Astro Lighting propose une gamme de drivers de LED dimmables (à intensité variable) de grands fabricants. Ces drivers sont conçus pour fonctionner avec la plupart des variateurs et systèmes de contrôle d'éclairage modulable habituellement disponibles. L'on trouve toutefois sur le marché une grande diversité de variateurs, et il n'est pas possible de garantir la compatibilité.

Par conséquent, nous vous conseillons de vérifier la compatibilité entre le driver et le système du variateur que vous utilisez, avant de procéder à l'installation. Des problèmes de compatibilité peuvent apparaître tels que scintillement, clignotement, bourdonnement ou endommagement éventuel de la puce LED. Si ces problèmes surviennent, vous devrez peut-être remplacer le variateur ou le driver.

Veuillez aussi noter que de nombreux variateurs requièrent une charge minimale pour que le variateur fonctionne correctement.

DE Astro Lighting bietet eine Reihe von dimmbaren LED-Treibern von namhaften Herstellern an, die so konzipiert sind, dass sie mit vielen der geläufigsten Dimmern und Lichtsteuersystemen funktionieren. Es ist eine große Vielfalt an Dimmern erhältlich, daher kann Kompatibilität nicht garantiert werden.

Wir empfehlen, vor der Installation die Kompatibilität des Treibers mit dem Dimmsystem, das Sie verwenden, zu überprüfen. Probleme mit der Kompatibilität können sich durch Flackern, Blinken, Summen oder mögliche Schäden am LED-Chip bemerkbar machen. Wenn diese Probleme auftreten, kann ein alternativer Dimmer oder Treiber erforderlich sein.

Bitte beachten Sie auch, dass für viele Dimmer eine Mindestlast erforderlich ist, damit der Dimmer korrekt funktioniert.

IT Astro Lighting offre un'ampia gamma di driver LED con varialuce realizzati da marchi affidabili e progettati per operare con numerosi variatori e sistemi di controllo dell'illuminazione. Sul mercato è disponibile un'enorme quantità di varialuce differente. Pertanto, non è possibile garantire la totale compatibilità.

Prima dell'installazione, si raccomanda di verificare la compatibilità del driver con il modello di varialuce utilizzato. Eventuali problemi di compatibilità si manifestano sottoforma di sfarfallii, lampeggi, ronzii o con il danneggiamento del chip LED. In presenza di uno dei problemi di cui sopra, sarà necessario utilizzare un modello di varialuce differente.

Si noti inoltre che numerosi varialuce hanno requisiti specifici in termini di carico minimo necessario per il corretto funzionamento.

- 2.2 An order for the Goods placed by the Customer or any agent of the Customer shall be deemed to be:-
 - 2.2.1 an offer by the Customer to purchase Goods pursuant to the provisions of these Terms and Conditions;
 - 2.2.2 accepted only when the Supplier issues a written acceptance of the order, at which point these Terms and Conditions shall become binding on the parties; and

- The Customer acknowledges and agrees that any description which is given or applied to the Goods:
- 3.1 is only for the purpose of identifying the Goods; and

- 5.1 The Customer agrees:
 - 5.1.1 to inspect the Goods on delivery;
 - 5.1.2 that it must notify the Supplier of any defect or damage which would be apparent upon a reasonable visual inspection within 5 days of the Delivery Date; that in the absence of such notification described in clause 5.1.2 the Customer is deemed to be satisfied as to the condition of the Goods which would be evident upon reasonable examination; and
 - 5.1.4 that, subject to clause 4.1, the Supplier has not given any warranty or condition as to quality or fitness for any purpose of the Goods.
- 5.2 If the quantity of goods delivered is different from that ordered, the Customer must notify the Supplier of such deficiency within 5 days of delivery failing which the Customer shall be deemed to have accepted the amount actually delivered as being in accordance with the Customer's order.

- 6.1 The Supplier will, at its option, either make good by repair or the supply of a replacement, material defects (determined by reference to the warranties set out in clause 4.1) which, under proper use, appear in the Goods within a period of 3 years after the Goods have been delivered, provided that:
 - 6.1.1 the defect would not have been apparent from reasonable inspection by the Customer on delivery made in accordance with clause 5.1.1;
 - 6.1.2 the Customer notifies the Supplier in writing of the claimed defects in accordance with clause 5.1.2;
 - 6.1.3 the Supplier is satisfied that the defects arise solely from faulty design (other than a design made, furnished or specified by the Customer), materials or workmanship of the Supplier;

- 6.2 These Terms and Conditions shall apply to any repaired or replacement Goods supplied by the Supplier.

7. SAMPLE

- The Customer acknowledges and agrees that where a sample of the Goods has been shown to and/or inspected by the Customer:
- 7.1 the sole purpose of the Supplier in doing so was to enable the Customer to judge the quality of the bulk; and
 - 7.2 the provision of such sample does not form part of these Terms and Conditions or have any contractual force and, for the avoidance of doubt, shall not constitute a sale by sample.

8. PRICE

- 8.1 All amounts stated by the Supplier are exclusive of VAT and/or any other applicable taxes or levy, which shall be charged in addition at the rate in force at the date any payment is required from the Customer.
- 8.2 The Supplier reserves the right to adjust its prices for any increase in any costs of any kind arising for any reason after the date of these Terms and Conditions.

- 8.4 The Customer shall pay all amounts due under these Terms and Conditions in full without any set-off, counterclaim, deduction or withholding (except for any deduction of withholding required by law). The Supplier may at any time, without limiting any other rights or remedies it may have, set off any amount owing to it by the Customer against any amount payable by the Supplier to the Customer.

9. DELIVERY

- 9.1 The Supplier shall, on agreement with the Customer, either make the Goods available for collection by the Customer or deliver the Goods to either the Account Address or such registered business address as may be agreed between the parties.
- 9.2 Subject to the method of delivery to be determined in accordance with clause the Goods shall be deemed to have been delivered to the Customer when:
 - 9.2.1 the Supplier makes them available to the Customer or agent of the Customer or any carrier (who shall be the Customer's agent whether or not the charges are paid by the Supplier or Customer); or
 - 9.2.2 the Goods are delivered to the Customer or agent of the Customer or any carrier (who shall be the Customer's agent whether or not the charges are paid by the Supplier or Customer) by the Supplier or the Supplier's agent or subcontractor.
- 9.3 Any dates quoted for delivery are approximate only, and the time of delivery is not of the essence.
- 9.4 If the Customer fails to take delivery of the Goods or any part of them on the due date and fails to provide any instructions, documents, licences, consents or authorisations required to enable the Goods to be delivered on the due date, the Supplier shall be entitled, upon giving written notice to the Customer, to store or arrange the storage of Goods. - The risk in the Goods shall pass to the Customer on the Delivery Date.

11. TITLE

- 11.1 Title to the Goods shall not pass to the Customer until the Supplier receives payment of the price (and any other sums that are due or owing to the Supplier) in full, whether or not delivery of the Goods has been made.
- 11.2 Notwithstanding clause 11.1, title to the Goods shall pass to the Customer upon notification by the Supplier in writing.
- 11.3 Until title to the Goods passes to the Customer, the Customer shall:
 - 11.3.1 keep the Goods in satisfactory condition, in their packaging and separate from other goods so that they remain readily identifiable as the Supplier's property; and
 - 11.3.2 not remove, deface or obscure any identifying mark or packaging on or relating to the Goods.

- 11.4 The Supplier shall be entitled at any time before the title passes to re-possess and dismantle (without being liable for any damage caused by doing so) all or any of the Goods and for that purpose to enter any premises of the Customer. If in such circumstances the Goods are stored or otherwise held on premises belonging to any third party, the Customer shall procure the right for the Supplier to enter such premises to re-possess and dismantle the Goods.

12. PAYMENT

- 12.1 Payment for the Goods shall be made within 30 days of the date of the Supplier's invoice unless agreed otherwise in writing by the parties.
- 12.2 If payment is not received in accordance with clause 12.1, the Supplier shall be entitled:
- 12.2.1 to charge interest on the outstanding amount at the rate of 4% per annum above the base lending rate of National Westminster Bank Plc, accruing daily from the due date until actual payment of the overdue amount;
- 12.2.2 to require that the Customer makes a payment in full in advance of any delivery not yet made; and
- 12.2.3 not to make any delivery in respect of Goods ordered but not yet delivered.

13. RETURNS

Goods which are not faulty or defective can only be returned if ordered or delivered in error or if an authorised sample. Please notify Astro of your request within 10 working days of the delivery date. Astro will confirm at issue of the returns number whether a 20% re-stocking fee will apply. Authorised returns will only be accepted in a clean re-sealable condition. This means that the item has not been used or damaged and is still in its original box with all contents included. There should be no additional labels or any writing on the product or the product box.

- 14.1.3 for breach of the terms implied by section 12 of the Sale of Goods Act 1979 (as amended);
- 14.1.4 under the Consumer Protection Act 1987; or
- 14.1.5 for any matter in respect of which it would be unlawful for the Supplier to exclude or restrict liability.
- 14.2 Subject to clause 14.1:
- 14.2.1 the Supplier shall not be liable to the Customer, whether in contract, tort (including negligence), breach of statutory duty, or otherwise, for:
- a. loss of profits;
 - b. loss of sales or business;
 - c. loss of agreements or contracts;
 - d. loss of anticipated savings;
 - e. loss of or damage to goodwill;
 - f. loss of use or corruption of software, data or information; or
 - g. any indirect or consequential loss
- 14.2.2 arising under or in connection with these Terms and Conditions; and the Supplier's total liability to the Customer in respect of all other losses arising under or in connection with these Terms and Conditions, whether in contract, tort (including negligence), breach of statutory duty, or otherwise, shall not exceed the price of the Goods in relation to which such liability has arisen.
15. Data Protection
- 15.1 By placing an order in accordance with these Terms and Conditions, the Customer hereby consents to the use of its (and its employee' and agents') Personal Data by the Supplier for the following purposes:

These Terms and Conditions may only be amended in writing signed by duly authorised representatives of both parties.
- 18.3 **Entire Agreement**
